

SCHOOL SUPPLY LIST FOR 2026-27 SCHOOL YEAR

Many of our teachers are exploring the use of shared classroom supplies to better support student learning and ensure consistency across classrooms. To support this approach, families will receive either a list of required school supplies to purchase or the option to pay a one-time fee of approximately \$30 per student through School Cash Online at the beginning of the year.

We recognize that many families take advantage of summer sales. If you choose to purchase supplies in advance, see the school supply list below.

Please note: we will not be needing crayons this year as we received a wonderful donation from Staples for our school.

Supplies that are needed for students that they typically can reuse each year that they may have are the following: rulers, scissors, calculators and protractors for intermediate students.

Please note that individual teachers may request additional supplies throughout the school year based on classroom needs.

We will provide further details in September and appreciate your support as we work to create well-equipped and organized learning environments for all students.

No school supplies will be needed for students for the first week of school.
